

BUILDING CAPACITY FOR IMPROVEMENT

APRIL 10-11, 2017 • KEARNEY, NEBRASKA

Dear Prospective Exhibitor/Sponsor:

The Nebraska Department of Education (NDE) will be hosting the third AQuESTT Conference at the Younes Conference Center in Kearney NE on April 10th and 11th, 2017. We would like to invite your company to participate in our conference as an exhibitor and/or sponsor. The annual meeting brings together educators and policy makers from across the state to provide training, present case studies, and share relevant information.

AQuESTT is Accountability for a Quality Education System Today and Tomorrow and is Nebraska's accountability system for public schools and districts. AQuESTT – Every Student, Every Day – Building Capacity for Improvement... Conference will provide information about AQuESTT and the ways in which the use of data and data systems can support schools in improving student learning while at the same time immersing the participants in an understanding of the accountability framework and expectations.

By participating in this conference as an exhibitor and/or sponsor, you have the opportunity to interact with over 500 educators, leaders, and policy makers from Nebraska. These educators and policy makers represent a wide variety of job classifications; including but not limited to principals, superintendents, data stewards, teachers, program directors, governmental staffers, technology staff, special education directors, and education organization leaders.

The conference promises to offer a large and savvy audience in an environment that promotes innovation and creativity; and highlights exemplar cases of data collection, interpretation and use across the state of Nebraska and beyond. Come and join us as we spend 1.5 days dedicated to improving education in Nebraska schools.
